

Technical competences:

CNC Turning

Max. diameter: Ø400mm
Bar feeder: Ø100mm

Milling

CNC vertical: 1500mmx600mm
CNC horizontal: 900mmx1000mm

Complete processing

Max. bar opening: 75mm
Max. turning diameter: Ø500mm

Toothing

Max. diameter: Ø350mm
Module: min. 0,2 – max. 8
Gear grinding: min. 0,5 – max. 6

Other

Broaching
Gear shaping
Honing
Cylindrical grinding
Surface grinding
Micro blasting

Castings / injection molding (Motion Applications)

Casting: Aluminum, steel
Injection molding: plastics, plastics GF, aluminum

Assembly

Assembly from 20mmx20mm to 500mmx500mm
Overpressure cabin, assembly cabinet

Measure

3-D measurement machine
One & double flank gear measurement
CNC gear measuring center
Hardness & roughness
